A letter from Logan Obio, to the Columbus Journal reveals another of the pefarious Democratic schemes for swelling the Democratic vote by means of fraudulent naturalization

papers. The letter says : "Our committee challenged every vote where the voter was not known. An Irishman offered his vote, swore that John Robinson-a "boss" on the railroad-furnished him his naturalization papers the day before the election, admitted he had never been naturalized, and never was in court to take the oath. The paper was ingeniously gotton up. It did not show CLASS 11-FINE ARTS AND TEXTILE where it was issued, either as to PABRICS, TAILORS' & MILLINERY county or State with the seal of a Probate Court of Ohio, all regular, except the impression where the no impression of the seal was made, One vote of this kind was sworp in by the voter, though questioned and thoroughly cross-examined, of The seconed one, however, could not stand the pressure and broke down, and thus the villainy was expeced. Robinson was arrested, and is bound over to court, but last night we learn the witness was run off to Laucaster, as court sits in a few days. We have Tunison & Son, display oil paintnow found three of these certificates, and learn from the railroad hands that there were some fifteen of them

in this squad. How many more, no one can tell. The blanks were evidently taken from the Probate Judge's office during his absence fast week, and the achema concocted, as he says that he found some one had been hand-ling these papers last week. Leading Democrata are implicated in the fraud. It is evident that some of them concered the scheme, as Robis son knew nothing about the Court House; yet with all their fraud and villainy they only succeeded in getting in, so far se known, one vote, and had the mortification of findi their selienc exposed by the wigitance committee.

The New York Times estimates the Democratic majority in that bity and Brooklyn, in November, at 69,000 and claims the State for GRANT.

Of all living patriotic men, Grant has promised least and performed most. Such a man is bound to possees the hearts and affections of the A & B Keubler, cross, prem 81.
